

TUBE AND HEATING ELEMENT CHART

for

MERCO FOOD WARMERS

INSTRUCTIONS ON USE OF TUBE AND HEATING ELEMENT CHART:

Note that both FW (8" wide) and NW (5" wide) overhead warmers utilize the same heat tubes. Therefore, in an effort to reduce the amount of "overlapping" information in this document, NW parts are not shown.

FOR EXAMPLE: Part FW-12 is the first part listed in this document. Because this part is identical to NW-12 (except in width), the NW-12 is not listed.

Please review the listing below for important information used in finding parts.

Italicized type designates wired-in glass tubes.

Bold type designates metal (calrod) tubes.

Bold and italicized type designates wired-in metal (calrod) elements.

All others are EZ style glass tubes.
